**The Diving**

Good tropical diving is defined by several things like, amounts of marine life, the health of the reef and visibility. But it is also down to personal interest. Some people like to search for the rare (and often tiny) marine life, others are in to personal encounters with the larger animals, others prefer to float through the reefs, taking in the full scenery. But really, most people enjoy the combination of all these things. Moalboal is one of the few places where all is combined in one wonderful pot of wauwness!

Besides being pretty, impressive and different, it is also EASY! Read down through our brochure, and you will find that this place has one of the coolest housereefs out there. So if you feel like having your dives shallow and super easy, just go in from the beach. To reach the larger dive sites, just jump on the boat and sail out for a few minutes with our expert guides. We promise that their professionalism will provide you safe and engaging dives, that will develop your understanding for this incredible environment, as well as give you experiences that will stay with you for life.

**Location**

Moalboal is a small town on the South-West side of Cebu Island. It is mostly known for the diving found on the reefs of its coastline. But, if you look a bit further, there are many more natural wonders to explore. The mountains inland offer spectacular trip for canoeing, hiking, jungle treks, mountain biking and waterfall visits. All covered by the dense tropical rain forests divided by rivers and canyons. It is SO beautiful!
The diveshop area is mixed with bars and restaurants. We recommend Lantaw Restaurant, Last Filling Station and Chili Bar!

**Your resort**

The Neptune Diving Adventure Resort is featuring a smaller garden with comfy rooms, conveniently located just behind the dive center. It makes it dead easy between diving, when you are just a few steps from your room. The atmosphere is super chilled and friendly, with a special attention to the needs divers (no night noise). It is located just 40 meters from the sea, where the calm warm water offers brilliant snorkeling and swimming. The restaurant offers a fantastic view and delicious food with great atmosphere from morning to evening.

**Your room**

All rooms have private bathroom and air-condition, WIFI and a safety box for your valuables. Each room has a small balcony arranged like a little seating area. The rooms are very clean and the beds are comfy. It is no big fancy resort, but we have found it perfect as a base for a dive trip!

**This is only a selection of the many dive sites represented on this particular destination. The diving is dictated by the safeness of the environment.**

**Neptune house reef + sardines run (Panagsama Beach)**
The housereef is such a cool dive site! It has a rich variety of hard and soft corals and of marine creatures. There is a resident school of sardines hanging out on the dive site. Follow their dance as they are hunted by tuna and jackfish. It creates an impressive simultanious movement of a large amount of fish. It is quite mezmerizing!

**Pescador Island**
Pescador Island offer an incredible hard coral garden and some amazing steep walls with the most well preserved corals seen in a very long time. The site are unique with high numbers of fish and healthy corals. We love the coral formations that creates cathedrals you can swim through and experience the reef from the inside. Let yourself drift along big coral bommies overgrown with massive staghorn and table corals. The occasional whitetip or blacktip shark will pass but mainly this site is relaxing and an extremely good place to lean back and take in the big picture of the underwater world.

**Dolphin House & Airplane Wreck**
The Dolphin house is an interesting steep slope with a deeper wall. The site has fantastic soft corals in the shallows and down deeper, you can find fan corals that are up to the size of a very large car. Just STUNNING!
Swim from Dolphin house to the Airplane Wreck and continue up the slope to the massive Staghorn reef where you will find the pretty mandarin fish. Oh so good a dive, we think!

**Transfer Information**
Moalboal is easy accessible either by bus, van or taxi from Cebu City. Taking the bus from Cebu city is the cheapest and what we recommend. It is a beautiful 4 hour trip across the Visayian mountains and local cities, with a 15min stop half way.
There is a spacious phillipino aircon bus (Ceres Liner) approx. every hour between Cebu City and Moalboal, departing from Cebu City Southern Bus Terminal. You buy the ticket in the bus. A One Way ticket is approx. 150-200php.

You can also go local, and save a few more pesos, by taking the standard public bus. It is only approx 120php but without the aircon and including chickens, sheeps and a bunch of friendly locals!

**Please note:**
If you tour Visays, you can make it from Malapascua in the North, to Moalboal by bus, in less than a day's travel.
If you want to grab a taxi or van, from Cebu airport directly to Moalboal, you must be ready to pay approx. 3000php for this 3 hr trip.
**Taxi from airport to bus terminal in Cebu City is approx. 300php.**

**Please Note**
You need to contact the dive center with any questions, doubts and needs at least one week in advance. You will find the contact details for the dive center on your voucher.
