The Diving.

Once you have learned to dive... other divers will ask you where you did your course. Now, where there is water, you can dive. But, in some places, the diving is better than average, for various reasons! But DAUIN is better for a very SPECIFIC reason. It has a great mixture of healthy reef diving and weird funky macro diving. Macro diving, defines the little critters, the smaller fish, the strange bottom crawlers in the sand, and the shy animals hiding on the corals. These little critters are often ridiculously pretty, but also quite hard to spot. Around Dauin, the sand on the reef banks is black, and a mecca for these little gems. So be prepared to go treasure hunting (spotting) for weird little animals, it is so cool once you figure out what to look for! But, besides macro diving, critter diving, muck diving (call it what you like) the diving around Dauin is really easy and jaw-dropping pretty. The reefs are in good condition and you will get to see most of the colourful fish that you would see in a picture perfect Aquarium!

Starting from the beach, your course will be easy, fun and slowly progressing. The bay is calm, the water clear and the instructor is highly professional. A perfect way to start your underwater adventure!

After your course, step up your experience with some extra days of diving around the world famous Apo island. We highly recommend, that you reserve the extra nights of accommodation from home, this place is popular!

Location

Above water Dauin is a local town just South of Dumaguete City. Dumaguete City is placed in the middle of The Visayas and is the perfect travel hub to other famous dive destinations. Siquijor, Bohol, Moalboal, Malapascua or Sipalay is less than a days travel from Dumaguete, which makes it a perfect stop on your way around the Philippines...

The diversity of the coast is truly magnificent, and the underwater scenery is as pure as it gets. With the islands cultural attractions on land, the gentle people, dramatic landscape and amazing diving opportunities, it is a combination that is spot on.

Your resort

Is very different from the rest! It is one of those places where people end up staying for weeks or even months... not kidding! It is beautiful, full of flowers and very cozy! There is a relaxed atmosphere and a homey feeling that you will love, no doubt! Cook your own food in the common kitchen, take a nap in the hammock station, put on a DVD and crash in a bean bag or grab a tank and go diving just 50 meters from the gate on the coolest housereef in the Philippines!.

Your room

Double or private room with fan and shared bathrooms (but PRETTY shared bathrooms!). The rooms are all made local style, with bamboo, nipah and mahogany wood. There is mosquito nets available on request.

Introduction to course

The PADI Open Water Diver course is the most popular diving certificate worldwide. After completing this 3-4 day course you are certified to dive to 18m independently with a buddy. The course consists of five modules of learning. You study via self-study workbook and complete a knowledge review. This process is assisted by videos accompanying each chapter to reinforce what you have learned. The instructor reviews everything with you to ensure that everything are confidently understood. The practical learning consists of pool sessions and four open water dives. Dive one and two are conducted at a depth of max 12m and dive three and four are conducted at max 18m. The final stage of the PADI Open Water course is an exam, which is a multiple choice exam covering all that you have learnt. Remember that the course is performance based and not time based. The course generally takes 3 to 4 days, with the theoretical, the pool and the open water part successfully passed.

Transfer

There are several ways to get to Dauin, depending where your arrival is from. Easiest way is to take a local tricycle direct to the hostel/dive center. Usually the price from Dumaguete airport/pier is no more than 300 pesos. The hostel can also arrange a special transfer a private van for 1200 pesos. However, we do recommend the tricycle ride, which is both a lot of fun and really comfortable (if not too many people and luggage is loaded on the same bike). Tricycles is the local way to get around and this method is a brilliant way to see and experience the country.

If you are in doubt of how to get to the dive center, please do use the contact details on your voucher. They have an extended knowledge of local bus, ferries and minivan services and can guide you too the best route.

You need to let the dive center know your arrival time at least one week in advance. You will find the details for the dive center on your voucher.
