

Nusa Lembognan Island, Bali, Indonesia Learn to dive - Nusa Lembognan

The diving

If you want to learn how to dive, taking the first step in the warm waters around Nusa Lembognan is a pretty solid choice! Besides the island being awesome in so many ways, the diving here is great! The abundance and the diversity is top notch. Jump in at the coral gardens, hang out in the clear and ridiculously blue water and take in the scenery of a healthy reef, full of life and colour. There's very few things that are as cool as a thriving reef, and you find them around Nusa Lembognan. It's a pretty awesome scenery to be doing your course in. But it might be hard to keep your eyes on the instructor with all that cool stuff going on around you.

During the first part of your course, you will be doing theory on land in the dive center, then you'll progress in to the pool at the resort, where you will slowly develop your skills in the water, step by step. Dead easy. As the days go by, you will start diving off a boat around the island.

But, besides reefs in incredible conditions, the nutrient water around Nusa Lembognan attracts the larger marine life like the manta rays. And all year round, you can find yourself diving with these gracious animals at Nusa Lembognan, up close, on the cleaning stations where the big animals circles again and again to let the little fish clean their bodies. It is a mind-blowing sight. Full stop. And the best thing is, you will most likely be able to go to one of the Manta sites during your course. Please keep in mind that THAT is special...

Location

Close to Bali, lies the island of Nusa Lembongan, where people gather to enjoy world class diving and surfing, quiet sandy beaches and lazy island atmosphere.

But don't let the funky restaurants and wifi deceive you. This island is full of loose chickens, colourful locals and an everlasting scent from the little Balinese Hindu temples (Pura's) that are nestled in every little crack between houses and restaurants. It's local and cultural! Each week guests and staff from all the dive shops gather at Blue Corner Bar. Right on the beach with an infinity pool, bean bags and bonfire: a place for a good barefooted night of drinks and stories. Check it out!

Your resort

Is a little atmospheric oasis! There's a lovely pool to hang out in (sometimes you will be accompanied by divers training their skills). We are big fan of their eco friendly approach. They recycle, grow their own fruits and have the Aquatic Alliance research team based at the resort. Daily Yoga classes are on offer on site as well. The bungalows can be fully booked in high season. It is good to book 3 months in advance.

Your Room

The bungalows have a cool outside bathroom (cold/temperate showers) and a simple clean double bed bedroom. It is not white shiny Hilton, but a cozy bungalow with your own porch, where they are happy to serve breakfast - in your hammock of course!

Introduction to course

The PADI Open Water Diver course is the most popular diving certificate worldwide. After completing this 3-4 day course you are certified to dive to 18m independently with a buddy. The course consists of five theoretical modules. You study via self-study workbook online (e-learning).

This process is assisted by videos accompanying each chapter to reinforce what you have learned. The instructor reviews everything with you to ensure that everything are confidently understood. The practical learning consists of pool sessions and four open water dives. Dive one and two are conducted at a depth of max 12m and dive three and four are conducted at max 18m. The final stage of the PADI Open Water course is an exam, which is a multiple choice exam covering all that you have learnt. Remember that the course is performance based and not time based. The course generally takes 3 to 4 days, with the theoretical, the pool and the open water part successfully passed.

WHEN TAKING THE COURSE

Diving is open to anyone in good health, but a medical form must be filled out before arrival. If you answer YES to any questions on the Medical Questionnaire, you will need medical clearance to dive. Students must also be able to swim at least 200 m and float for 10 min.

Transfer Information

Nusa Lembongan is easily accessible from Bali and all boats leave from Jalan Hang Tuah at the North end of Sanur beach. Ticket offices for all boats can also be found on this road. Dunkin Donuts on Jalan Hangtuah has the last ATM before the harbour. Please be aware that there are no ATMs on Nusa Lembongan so you will need to bring enough money with you for your stay. Please make sure you are catching a boat to Jungutbatu beach and not Mushroom beach, which the dive center can't pick up from.

Rocky Fast Cruises

The easiest option is Rocky speed boats, which transport customers from Sanur to Lembongan and back, 3 times a day. These fibreglass boats offer cushioned seating and a bottle of water for customers. The journey takes only 30mins and includes a free pick up and drop off service for south Bali. Check their website or contact the dive center in advance. They can book your transfer for you. There are cheaper (less comfortable) options than Rocky. The dive center can guide you through the choices if needed.

You need to let the dive center know your arrival at least one week in advance. You will find the details for the dive center on your voucher.

Restricted dives

Diving is dictated by the environment and the people enrolled in the activity. All diving is performance based. It is up to the discretion of the dive guide/instructor to restrict divers from entering activities that goes beyond their experience level. All guides strive to reach the expectations of the customers. In this event the dive center or Blue Venture is not obliged to give a refund.

Dives not completed

Most dive centers do not give refunds for dives not done with personal causes such as seasickness, low on air situations or a failure in mastering the equipment etc. All log books will be checked prior to the dive and the dive sites will be chosen accordingly to the experience level. It is however expected that certified divers keep within their limits and do not cross their comfort zone. Blue Venture and your travel agent is never responsible to pay a refund for dives not done.

If the customer does not have adequate time to enroll in another trip/course it is up to the customer to make sure the dive center notify Blue Venture of this in order to secure a refund via the sales agent who completed the sale with the customer. There will only be refund on the diving and not the accommodation.
