Welcome to Koh Tao - aka "The Rock"!

Koh Tao offers some of the best diving in The Land Of Smiles! Several sites are offering excellent dives, including Chumphon Pinnacle which has an incredible volume of marine life, such as giant groupers, hundreds of schooling Barracuda, Tuna, Mackerel and the gigantic Whale Shark! The biggest fish in the ocean, the peaceful Whale Shark frequents Koh Tao's waters year-round and loves the company of curious divers. Like so many others, you too could get lucky!

Koh Tao dive sites offer great visibility year round, with average clarity of 15 metres and up to 30 metres when conditions are perfect! The water temperature is 30C and currents are almost non-existent, allowing for super-relaxed, long dives.

Dive sites around Koh Tao are easily accessed by their comfortable dive boat. Sites are between 10 and 40 minutes from the pier. Enjoy the sundeck, fruit and refreshments, spacious bathrooms and showers onboard. You will also meet Mr.White, the resident boat cat. :)

Fundiving - Chalok Bay - Private room

Location – Chalok Bay

The island of Koh Tao is full of different bays and beaches, who all have their own special atmosphere. Where Sairee Beach is known for the young crowd and great parties, Chalok is the super laid back and quiet bay down in the South of the island. But don't despair! Koh Tao is a small island, and easy to get around! Busy Sairee beach is only 5 minutes away by scooter or TukTuk. You can still join the party before you return to Chalok for a good night's sleep. Chalok is also famous for snorkelling with small Blacktip sharks and turtles in Shark Bay!!

In the area of Chalok Bay, you'll find a few lovely beaches for lazy afternoon sunbathing, plenty of delicious restaurants and cozy little beach bars too. There are also SPAs, shops, tattoo parlours, laundry facilities, kayak rentals, beautiful hikes, viewpoints and plenty of other activities around to keep you occupied when you are not underwater or on your yoga mat!

Your accommodation

The luxury hostel The Dearly is located just 200m from the dive center and features quality bedding, A/C, hot water and clean modern decor. Onsite you will also find a huge swimming pool tucked into the rocks and jungle palms and a welcoming reception area great for socializing or enjoying a cappuccino. Breakfast is also included each morning. The hostel has an amazing social atmosphere every day, and even free "beach crawls" are arranged on a regular basis. Transportation is provided to take you and your new friends to some of the island's best beaches and viewpoints!

Your (lovely) private room

Private rooms come with either two twin beds or one large double bed. The spacious and comfortable room has air conditioner and access to the balcony. Bedding, fresh towels, two bottles of water, and daily housekeeping services are included. This room has plenty of shared (lovely!) bathrooms on the same floor.

This is only a selection of the many dive sites represented on this particular destination. Diving is, at all times, dictated by the safeness of the environment.

Chumpon Pinnacle

Northwest of Koh Tao, Chumpon Pinnacle is widely regarded as one of the Gulf's premier dive sites. The site itself is a huge granite pinnacle and a series of smaller pinnacles rising from the bottom at 36m to within 14m of the surface. On the main part of the site divers can expect to encounter Batfish, Trevally, large Groupers, as well as huge shoals of Fusiliers. For those with keen eyes it is also possible to see Scorpion fish lazing on the rocks. Chumpon pinnacle also plays host to seasonal visits by Whale Sharks and their attendant Cobias and Remoras, plus the occasional Manta.

White Rock

White Rock boasts a large coral garden situated between two distinct granite pinnacles to the north and south sides of the site, and a vast array of both daytime and nocturnal inhabitants. With a depth range of 5m to 26m, and an average depth of 12m, White Rock is suited to everyone's experience level. White Eye Morays and Blue Spotted Rays are commonly sighted. Barracuda routinely visit here, it is particularly impressive to see them hunting on night dives when they will actually follow divers using the torch beams to spot their dinner. Night dives also unveil many different kinds of Feather Stars, hunting Cone Shells and feeding Stingrays.

Green Rock

One of the outlying dive sites Green Rock has its own special attractions for divers in the form of many varied swim throughs and the lunar like landscape created by nesting Yellow Margin Triggerfish. With a depth range of 3m to 30m most divers will find this site within their capabilities. The insides of the caverns and the undersides of outcroppings are home to many brightly colored soft corals and sponges, while the outer parts of the site play host to shoals of electric Blue Damsel fish, Tube Anemones with tiny translucent shrimps, Angel fish and the occasional Turtle.
